

Accommodation

At Twin Training and Travel we understand the importance of good quality accommodation as part of your language learning experience. Our Accommodation Officer can give you advice on the three options offered by our school: host families, hostels & hotels and shared flats.

Host Families

Living with a British family is the most effective way of improving language skills. Speaking to a native English speaker will help you to develop confidence and we believe that this is an essential part of language training. Our families are all located close to school and are dedicated to providing a home away from home for our students.

Our Accommodation Officer regularly inspects host families in order to ensure that they are providing clean, welcoming, friendly, safe and comfortable accommodation, which meets British Council standards. Students are usually accommodated in single rooms and receive breakfast and evening meals. Twin rooms can be requested if you provide details of a named sharer.

Hostels and Hotels/Youth Hostel/ Shared Flats

For students who prefer a more independent lifestyle, we offer a number of carefully selected hotels and residences in Salisbury and can provide assistance if you wish to rent your own flat.
