

It's only recently that TVU could provide accommodation for students, the fact that it now can suggests it's got an eye on a bigger and brighter future.

Homestay (Reading)

Private rented sector

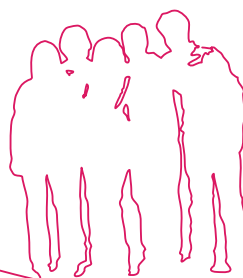

If you wish to secure your own accommodation in the private rented sector we can advise on the options available. The Accommodation Team produces a handbook 'A Guide to Seeking Accommodation in the Private Rented Sector' which provides comprehensive information on types of accommodation, tenancy agreements, rent, bills, safety issues and tenants' rights and responsibilities. The teams also produce lists of registered properties, which are reviewed and monitored regularly; guesthouses, hotels, student hostels, letting agencies and publications.
